

Lake Metonga Association Mission,

As incorporated with our Restated Articles of Incorporation

Dated July 25, 1998.

1. To preserve, maintain and enhance the water quality, fish habitat and ecological integrity of Lake Metonga in Forest County, Wisconsin for the benefit of the general public.
2. To improve the safety of boaters and other recreational uses of Lake Metonga.
3. To monitor the chemical, biological, sociological status of Lake Metonga and implement management strategies to maintain and enhance the ecological integrity and recreational value of the lake and its environs.
4. To educate and inform public officials, landowners and members of the general public on matters affecting the ecological integrity and recreational value of Lake Metonga and its watershed, including planning, zoning and other public policies which support appropriate and sustainable patterns of development and land use in the lake's watershed.
