Committee Reports

- A. Outreach: Winnie researched possible clothing options. Will continue to explore.
Winnie will send a photo to all LMA officers for input. Find way to advertise for
interested persons on committees.
- B. Fish and Habitat: Meeting scheduled 1.16.2026 to discuss stocking of fish. Kayla will
report back to officers with email update.
- C. AIS: Kent reported there has been no membership approval for treatment of Lake.
Kayla reported meeting with DNR and Onterro. Discussed possible treatment for
Summer, 2026. There has been no decision to date. A native plant survey may have
to be completed prior to approval to treat. Suggestion from DNR to have a large
treatment at least every three years. There may be a grant to assist with payment for
treatment. There will be a charge to write the grant. A cost vs. benefits analysis will
need to be considered. Discussion. Lynn S made motion to ask for treatment (plan
survey, EWM, treatment, cost for DNR) this summer and surveys if needed. Winnie M
2nd. All approved. Kayla will share meeting minutes outlining details of lake plan.
- D. Weeds and Walleyes: Date 2026 October 3, 10. Check with Mole Lake for availability.
